- Urban Roots Program

Going to school has always been one of my most cherished gifts from my parents. The 2013 Wings Over America Scholarship will allow me to continue to pursue my educational goals and decrease the financial burden that college has imposed on them. Receiving this scholarship not gives me security that I will be able to focus on what matters, but also reaffirms my confidence that I am on the right path. My parents and friends will always give me their support in what the path I take; however, the feeling of receiving support from a society based on the other side of the nation gives me a wonderful feeling. It is that feeling of support that pushes me through life.
