- Summer work at Dugualla Bay Farms

Receiving this scholarship means the world to me and it will be a huge help financially both to my parents and me. To me, no other scholarship opportunity is quite like this one. I applied for countless scholarships but receiving this scholarship from WOA is an honor because I was able to delve into what I really believe in and write about it. I am so proud of my father's service to our country and the WOA scholarship is based on life in the military as a dependent, which is all I have known since I was born. I would like to thank the Wings Over America Scholarship Committee for selecting me and let them know that I am truly thankful.
