Statement: It may sound cliché in our current era, but I am a firm believer in that everything happens for a reason. Because of this, being awarded a scholarship for the 2012-2013 school years meant that the path which I have decided to take is the correct one. For me, winning the scholarship was unexpected, it was pleasantly surprising to be sure; but most of all, the scholarship was a confirmation that will go very far to encourage me in the pursuit of my goals and aspirations. It has meant a great deal to me that the Wings Over America Foundation would offer this encouragement as I pursue my future.
