Statement: I am very proud to be the recipient of a 2012 scholarship award. It will aid in my education at Virginia Tech where I plan to stay just as involved in community service organizations and extra-curricular activities. Receiving this award is very special to me because I know I have the support of the military in everything I accomplish. I am very grateful to have been chosen because with this award I can continue my education and be one step closer to becoming my desired career as a doctor. I appreciate the recognition of the time and hard work I have put into all of the extra-curricular activities and community service projects to help others and shape myself as an individual. Thank you very much for selecting me to be the recipient of a 2012 scholarship award.
