Receiving a 2015 Wings Over America Scholarship means more to me than I can express. I am honor to have been chosen for an award and I am grateful for the recognition of my academic and extra-curricular accomplishments. It is my dream to study medicine and become a psychiatrist for the United States Navy, continuing the line of dedication my family has contributed to the armed forces. I am so thankful to have been given the opportunity to reach for my goals through this scholarship and to have been presented an opportunity to further my education and make an impact on my community.
