- Year-Round Lifeguard at Naval Vase Coronado MWR Aquatics

I am very honored to have been selected to receive a 2015 Wings Over America Scholarship. This fall I will be attending Cal Poly San Luis Obispo as an Industrial Engineering major. The scholarship will help lighten the financial burden of attending college, and will allow me more time to focus on my studies instead of having to spend that time having to work. I am truly humbled by my selection, and would like to thank you so much for your support and belief in me. I hope that after college and I am established, I will be in a position to help a future college student in the way Wings Over America has helped me.
