Receiving a scholarship from the Wings Over America Scholarship Foundation means that the financial burden of continuing my education puts on my family and I will be one step closer to being completed. The money will be put to good use to cover my college expenses and I am beyond grateful for receiving it. The scholarship also means that all the hard work I have put into essays, volunteering for my community and school, and the countless hours towards my studies are being recognized. Thank you Wings Over America for your support.
