I am continuously grateful for this scholarship! It has given me the chance to take advantage of incredible opportunities at UCLA that I might not have been able to experience if I been working to help pay for school. This year, I have loved volunteering at Ronald Reagan; helping patients has confirmed my enthusiasm for health care and I plan on applying to nursing school next year. My lacrosse team went to our National Tournament in May and won third! I finished my term on Gamma Phi's exec board and now am sisterhood chair, getting the chance to plan events for our entire chapter to participate in together.

This scholarship is such a blessing; each year reminds me just how lucky I am to have been chosen for it. I am honored to have been grouped with the caliber of students and hard workers chosen by Wings over America; your generosity has given me the gift of time and freedom to pursue my true passions at school. My mom and dad instilled the value of perseverance, hard work, and loyalty in me from their service in the Navy; I am so proud of their service to this country and thankful for the sacrifices they and all those who serve make for our freedom.
