Statement: I am so thankful for the Wings Over America Scholarship Foundation! I not only appreciate the service my stepdad has contributed to the Navy, but also the millions of men and women who risk their lives every day so America can be the land of the free. This scholarship greatly helps with the financial burden that my family is faced with when paying for my education at James Madison University. Just finishing my freshman year, I understand the concept of a “college student budget” and because of WOASF I can now focus more on excelling in the JMU Honors Program and making a difference through Student Government Association. This foundation has not only helped me continue my education but also pursue my passion, music education.
