- Dean's List
- Volunteers at local food bank and Washington County Humane Society
- Works at Campus Store

This past year in college, I have flourished as a human being. I am lucky to have met the kind of people who challenge my opinions and widen my perspectives. I have learned things that will help me be successful in the years to come. Grateful is just a touch of what I feel toward the Wings Over America Scholarship Foundation for helping to give me the opportunity to experience these things. Without this scholarship, there would have been a much larger financial burden that would have weighed down my experiences at W&J, but instead, my scholarship has helped me enjoy my first year of college knowing that there is less of a financial struggle upon my family. Furthering my education is one of the most important things to me and I plan to continue to succeed in college in order to be the person worthy of such an outstanding scholarship. Thank you so much!
