To me, this scholarship represents an opportunity. It has given me the chance of a lifetime to pursue my dreams in the best school possible. Because of this Wings Over America scholarship, I will be able to attend Georgetown University, School of Foreign Service in the fall to pursue a degree in International Relations/Politics. This scholarship not only affects the next four years of my life, it serves to help shape the man whom I hope to become and the educational experience which I shall receive. To me, this scholarship represents a change to better myself and to further my education. The Wings Over America scholarship is the chance of a lifetime to chase my dream, and for that I could not be more grateful.
