Statement: Being awarded the USS THEODORE ROOSEVELT, Wings Over America scholarship is a great honor for which I've felt a great sense of self-satisfaction. Being selected based on my own personal achievements not only makes me proud of myself, but my parents who each served more than 20 years in the Navy, are proud as well. As I proceed with my plans for a bright and challenging future, I will remember the help the Wings Over America Scholarship Foundation awarded me, and I will be sure to one day re-pay the favor, not only to this specific organization, but to the people of this country as well.
