Society
- St. Mark's Catholic Church
Confirmation Leader
- Waste-Not-Want-Not
Organization volunteer
- University of North Florida
Recyclemania Drives
- Works part-time year-round
at Home Depot

Receiving the scholarship continues to show me God's grace acting upon my family and me. With the scholarship, I can help offset my education tuition for my parents as well as set an example for my sisters entering college next years. In showing my dedication and perseverance in goals I have set forth, I hope that she will use my work ethic as an example. For me, the scholarship will continue to serve as a motivation in my education and life. Receiving the scholarship is definitely one of my proudest moments during my college career, and also as a reminder that when I persevere through any hardships or difficulties, I can achieve anything. No one ever said college would be easy; but with hard work and determination, it can be done. I would like to thank my parents and sister for always supporting me throughout my college journey and goal of being a medical professional.
