I am very grateful for receiving this award. It will help my family and me to finance my education and allow me to take advantage of the opportunities the University of North Carolina at Chapel Hill offers. In the fall I am taking the opportunity to study abroad for a semester at the University of Granada in southern Spain, combining the subjects from my major focusing on Middle Eastern history, my minor in Hispanic Studies, and my minor in Arabic. Receiving this scholarship motivates me to continue to study hard and pursue my academic interests with the reassurance that my efforts are being recognized as I work towards completing my education and determining a career path.
