It is an honor to receive the 2015 scholarship and I am incredibly thankful to Wings Over America. I am grateful that I can continue my studies abroad in Madrid and am thrilled for this coming year when I will be studying in the Hague and taking advantage of being in a city that is so important for my degree, International Relations. Since receiving the scholarship last year, I have been more involved in starting clubs at my university to promote more student participation in activities that complement our degree. I hope to continue with my goal of making a positive change and feel greatly encouraged because of this scholarship.
