Virginia Polytechnic

2021-2022: Sophomore

Major: Biology

Receiving this scholarship means I am backed by a community that not only supports me in my studies but also entrusts within me the responsibility of leading a successful college career. Many brave men and women have served-- and do serve--our country so that young adults such as me may build futures for themselves. I am honored to be a scholarship recipient of the Wings Over America Scholarship Foundation. I am also thankful to have a great community support me as I continue my studies at Virginia Tech. In years past, as well as in the years to come, I endeavor to serve many around my community ('Ut Prosim') in honor of the many veterans and active-duty military personnel that fight for our freedom each day.
