

Veteran's United Foundation Scholar

Grace Reilein

Auburn, AL

Auburn University

2021-2022: Sophomore

Major: Global Studies in Human Sciences /
Sustainability Studies

I am incredibly grateful to have received a Wings Over America Scholarship for the 2021-2022 academic year. I am honored to have been recognized for my achievements and I will continue pursuing excellence in all aspects of my life. As a daughter of a Naval Aviator, receiving this scholarship allows me to continue representing my father's work in the form of my academic pursuits. Naval Aviation has a long and storied history, and I hope to represent it well. A dream of mine has always been to study abroad during my time in college and this scholarship makes this possible. I will be travelling to Italy for a semester and will receive a minor in international studies. As a military dependent I have lived overseas in Japan and Germany; international relations have been a part of my life and this scholarship and study abroad will allow me to formalize it with education. The Wings Over America Scholarship Foundation and its donors are incredibly generous, and I wish to thank them all for this opportunity.
