

# The Wingman Foundation Nathan "Beefcake" Williams Memorial & Maritime Patrol Association Scholar

Cassandra Hansen

Davidsonville, MD

The College of William & Mary

2021-2022: Freshman

Major: Sociology/Psychology

It is an honor to receive a scholarship from renowned organizations such as Wings Over America and the Maritime Patrol Association. I am thrilled that all my personal achievements and the effort I have poured into my academic career over the past four years have been validated. Additionally, receiving these scholarships means that the service, dedication, and hard work that my father and my family have contributed to this country are recognized and appreciated. I intend on majoring in sociology/criminal justice with a minor in psychology, followed by attending law school, and then working for the FBI. By working as a lawyer, I will accumulate background and experience that will improve my chances of working for the FBI. With these goals in mind, I am excited to utilize the scholarship towards my first-year tuition and take those first, critical steps down this path with the financial freedom to move forward.
