I am very thankful to be receiving this scholarship. I want to especially thank the Naval Aviation community, and other donors for providing these funds for myself and other students across the nation. I will be moving from Cleveland, Ohio to Des Moines, Iowa in the fall to attend Drake University. I will be pursuing an accounting finance major and hope to one day work as a Certified Public Accountant with a lifetime goal of sitting on an executive board for a major company. I found this interest while taking an accounting class my junior year in high school and am very excited to begin studying accounting in a college setting this fall. Having this scholarship will allow me to go on January-Term and or study abroad for a semester. Without this money, it would be a lot harder to do these things. Thank you again to all of those who gave money to make this scholarship possible.
