Receiving a scholarship this past year means that I am able to focus on my academics and extracurricular activities at school without the added stress of the financial aspect of college. I am excited to be double majoring in government and sociology. My internship this summer will be in sales and marketing. I am excited to be able to indirectly use the communication and analysis skills from my major to work in a field I am very interested in! Although I am coming up to my last year of college, I am looking forward to what lies ahead. Thank you for granting me this scholarship award!
