Receiving this scholarship means the world to me, as it allows me to continue doing something that I am very passionate about, continuing to bring theatre to a wider audience. The tools, opportunities and human resources provided to me my access to higher education have been invaluable thus far. With the assistance of this scholarship I can concentrate on my studies and becoming the best “me” that I can be for the sake of myself, the department, my theatre family and my own family. Every assistance means the world to me; anything that can facilitate my educational journey is a blessing. This is all possible thanks to the generosity of organizations like Wings Over America and the USS Theodore Roosevelt, on which my father proudly served. Without his time in the Navy I would not have such wonderful opportunities. Being a receipt of the scholarship because of his military legacy is a true honor.
