

GIECO Military & Maritime Patrol Association Scholar

Olivia O'Donoghue

Abington, MA

Salve Regina University

2021-2022: Freshman

Major: Graphic Design

Being selected as a Wings Over America and Maritime Patrol Association Scholarship recipient is a personal honor for me, serving as a reminder that hard work and dedication will be recognized as well as rewarded. It has not fallen lightly upon me the gravity of sacrifice this scholarship represents. My scholarship will allow me the ability to focus on my studies with the benefit of additional time. I have recently been accepted into Salve Regina University's Honors Program, which requires me to maintain a high GPA. Being attentive to my studies is my priority and having the time available to focus my studies is a great concern. The time I would have spent working towards affording tuition, will now be utilized to give back to the community in need. It is my hope to continue volunteering with the elderly. It will be with a heart full of gratitude and a determined spirit that I will utilize the opportunity to improve the community I will serve.
