To me, the Wings Over America scholarship means a better future. I look forward to finishing my degree and being able to start my health care career. I look forward to providing Physical Therapy to others, so they may recover from their injuries, regain full functionality, and live a happier life. I look forward to using my Physical Therapy earnings towards sending my three teenagers to college. Without this scholarship, none of this future could happen. But thanks to Wings over America and this Scholarship award, I can achieve a better future for myself, for my kids and for all my Physical Therapy clients. A better, brighter future for all of us. Thank you!
