Thank you for selecting me to receive this scholarship. It's truly an honor to be recognized by an organization that does so much good for military dependents across the world. As I grow older and eventually graduate, I hope that I can continue to live into the values that I've learned as a dependent of a military family. Receiving this scholarship will help me to continue studying Industrial and Systems Engineering at Auburn University without the pressure of finding financial assistance. I hope upon graduation to continue my education and pursue a master's degree in a similar field. Thank you again for selecting me for such a generous award.
