Karen Johnson

Jacksonville, FL

Universtity of North Florida

Year: Sophomore

Major: Accounting

Community Service & Employment:

- Mayo Clinic Volunteer
- Wildlife Rescue Nests
- Two children: ages 2 Years and 3 Years

I cannot fully articulate the worth of the Wings Over America scholarship. Technically, this scholarship will pay for 15 full time credit hours at the University of North Florida but what it affords me is so much more. I do not have to worry about affording books or childcare. This is a four-month burden that has been lifted off my shoulders thanks to Wings Over America. This fall I can concentrate on preparing for my husband's deployment, being a focused student and present mother for Bronson and Miles. On behalf of myself and my family, THANK YOU.
