I am so grateful to accept the 2018 Wings Over America Scholarship this year. It is an honor to represent my father and grandfather who are both naval aviators, by receiving this award. The scholarship will be put to good use this summer as I head to Washington, D.C. I will be completing an unpaid internship at the Department of State, Office of Civil Rights. Since this internship is unpaid, I am grateful for that this scholarship will help me fund my summer experience. In the fall, I will head back to the University of Virginia to complete my Fourth Year. I am currently studying Leadership & Public Policy as well as History, with the hopes of one day attending law school. Thank you so much to Wings Over America for helping me to continue to pursue my education!
