Extracurricular & Community-Service Highlights:

Jobs for America's Graduates (JAG), Terri Eckhart School of Dance, Varsity Volleyball, volunteer with Sharing is Caring Food Pantry, Kick Butts (community cleanup), employed year-round at Neighbors Treasures and Babysitting.

Thank you so much for the honor of receiving the Wings Over America Scholarship. Of course, this scholarship is a much-needed financial help for my path through undergraduate studies on my way to medical school which will be very costly. However, more importantly, this scholarship is a way for me to specifically honor my stepfather who sacrificed so much during his 20-year career with the Navy in the way of missed milestones, holidays, and family time. He does everything for our family and never asks for anything in return, always working in the background to provide the best he can for all of us. Thank you so much for the opportunity to represent your amazing organization.
