I am so thankful and honored that I was chosen to receive the VAW/VRC scholarship. This scholarship will help me tremendously in continuing my academic career at Virginia Tech while pursuing a major in Human Nutrition, Food and Exercise. After college I hope to attend medical school and aspire to give back to the Navy community by becoming a naval pediatrician. This scholarship is also meaningful to me because by receiving it I am honoring my dad who has dedicated his life to serving in the naval aviation community and our country for the past 29 years. I am grateful for his service and for showing me every day that hard work pays off. Thank you again for selecting me to receive this scholarship – I am forever grateful.
