It is such a great honor to receive this scholarship, and I am extremely thankful for all those involved in giving me this scholarship. It means so much to me and has lessened the financial burden that comes with going to college. A lot of stress and worry occurs throughout many people's college careers about how they are going to pay for it while balancing their classes and other activities they may participate in. I am included in this group as I was on the university's volleyball and softball teams this past year while balancing academics and a job. This scholarship has already alleviated some of the stress of financial issues for next year, and I know I will be able to focus even more on my studies so that I can reach my goal of becoming a physical therapist. Again, that you all so much for providing me this opportunity and for helping me achieve my goals!
