I sincerely thank you for selecting me to receive this scholarship. As the son of parents who both served in naval aviation, grandson of two sets of grandparents also rooted in naval service, and cousin of two newly inducted seamen, receiving this scholarship from Wings Over America is a huge honor. My parents and their colleagues have always seemed to have the greatest sense of character, service, and dedication – traits that I have always admired and hope to instill within myself. This scholarship will help me to continue my studies in economics as a second-year student at the University of Virginia. As I work toward my degree, the generosity of your organization will help to lessen the time I need to work toward financing my education and allow for a more enriching undergraduate career. Once again, thank you so much for this incredible honor.
