

Wings Over America & Maritime Patrol Association Scholar

Breana Fay

Chantille, VA

Oklahoma Christian University

2021-2022: Freshman

Major: Biology/Pre-Medicine

I am honored to be one of this year's scholarship recipients of the Wings Over America Foundation and the Maritime Patrol Association (Administered Scholarship). I am grateful for these prestigious awards and to all the program volunteers and donors for their hard work and generosity which makes so many opportunities for students possible. These scholarships will play an important role in my education. In the fall I will attend Oklahoma Christian University, where I will also play on the Eagles' Women's NCAA Division II Volleyball team. At OC I intend to major in Biology with an emphasis on Pre-Medicine. I believe compassionate care for children is my calling in life, and your generous donation will aid me in achieving my dream of becoming a pediatric emergency physician. It is my hope that someday I will be able to bestow this same generosity and encouragement to students in the future. We are incredibly lucky to be a part of a military community that gave, and continues to give, so much back to my family. We are so appreciative of all the work that your organizations do in aiding the families of those who have served. Thank you for all your love and support
