

Neely Winter

Annapolis, MD

University of Florida

I am a freshman at the University of Florida. This past fall I had the opportunity to live on campus, which I loved. Classes move a lot faster here than high school, but I spent a lot of time in the libraries and study areas that were open, thankfully. I also loved meeting new people from across the country, especially my roommate, Reese (in photo on the left). I even had the chance to go to a football game during the fall, socially distanced of course! I have really enjoyed the independence here and all the opportunities at UF that I have become involved on campus. I'm very excited to get more involved in the Business School and to hopefully decide on a minor soon.
