

This scholarship award has been a blessing to me and my family. It has eased the financial burden of tuition and allows me to dedicate my free time to my volunteer work with the local Fire Department. Now more than ever, I appreciate the flexibility this scholarship has given me to serve my community as an EMT and Firefighter. I have almost completed my major in Biology and Minor in Bioethics, and I will be applying to medical school this summer. I am grateful to all the Wings Over America Volunteers and Donors for their hard work and generosity which makes these scholarships possible.
