2021-2022: Freshman

Due to this scholarship, I am able to pursue my dreams at the University of California, Los Angeles. While I was extremely excited to get in, one of the first worries that came to my mind is how I will be able to afford the tuition, especially being out of state. I have worked hard all throughout high school, and I knew it would be a shame to throw that all away because of money reasons. It is one thing to be able to get into the school of your dreams, and it is another to be able to attend the same school. This scholarship is significantly easing the burden of the financial stress that this will place upon me and my family, and we are extremely grateful. I am thankful of the Wings Over America Scholarship foundation for providing me with this scholarship that will be allow me to have the future of my dreams.
