Academic & Extracurricular Highlights:

- LU Community Group Leader: Mentor
- Broomball
- Student Leadership Association
- Serve the City
- LU Aquatics Lifeguard
- Great Bridge Swim & Racquet Club & YMCA Lifeguard

I want to express my thanks to your organization for awarding me this scholarship. After finishing my freshman year at Liberty University, I can confidently say I am satisfied with the growth I experienced in my first year of college. I balanced 20 hours of Lifeguarding, excellent grades, and committing ten hours each week through pouring into other men spiritually. However, these prestigious scholarships have relieved me, and my family, a substantial portion of the financial burden connected with a college education, both last year and this upcoming year. The scholarship you presented me allowed my schedule to burst with many activities that would have been hard to pursue with a deeper financial burden. I am eager to continue pushing myself and expounding upon the possibilities that these following college years can offer my future. Further, I believe this scholarship will continue allowing me the freedom to focus my energy towards academic and extra-curricular activities awaiting my return to college. This has been an incredible honor to receive these awards and I would like to deeply thank the donors who made my dreams possible. To God be the glory!
