I am so honored and thankful to be a Wings Over America Scholarship Foundation (WOASF) scholarship recipient. Receiving this scholarship puts me one step closer to achieving my goal of a higher education at Virginia Military Institute and becoming a leader prepared to serve as an officer in the military and member of the community. This scholarship will allow me to concentrate on pursuing a degree in Civil Engineering and participate in extracurricular activities with fewer financial concerns. I grew up in Virginia Beach where service to community and country are considered a normal way of life. With my father being a navy pilot and my mother being a schoolteacher, I was exposed to lifestyles focused on serving others. I am extremely grateful to the generous donors, WOASF and Naval Aviation Community for making my dreams attainable. I am truly honored to have been selected for the 2020 WOASF scholarship award.
