I am humbled and grateful to receive a Wings Over America scholarship. It means very much to me as I have an older brother in college and this scholarship will lessen the higher education financial burden for my family. I know that many very qualified students applied for this scholarship, so I feel very fortunate to have been selected as a recipient. Because of the generosity of many WOA donors the scholarship will allow me to focus on my academic pursuit at the University of Notre Dame as a Finance major while swimming on the team at ND, without worrying about how to fund my education. I am also proud to receive this scholarship to thank my father for his 22 years of service in the military and his time as a naval aviator. Thank you to the Wings Over America Foundation for this generous honor and award of which I am very proud.
