

MacKenzie Cummings

Two-Year WOASF Scholarship Recipient

2019 Bachelor's Degrees in
Psychology and Spanish

Pomona College

“Receiving this scholarship has meant a great deal to me because my college’s tuition is very expensive. Every bit of help counts and receiving \$2,500 dollars is a way to start chipping of the amount that my family and I have to pay. I am so grateful to have been recognized and thank you so much for making it a bit easier to go to college!” (2015)

“Winning this scholarship means so much to me! My tuition is extremely expensive, so I am thankful to be given help when it comes to paying it. I am also thankful for my dad, who by being in the Navy allows me to be eligible for this scholarship. Thanks Wings Over America!” (2016)

Mackenzie graduated from Pomona College in May 2019 with a bachelor's degree in psychology and Spanish. There, she was a psychology department liaison / class mentor / research lab coordinator, study abroad peer mentor, and captain of the Pomona-Pitzer varsity swim team. She is now a research technician at the Boston Veterans Affairs medical center working on studies related to PTSD treatment and moral injury. After this two-year position, her current plan is to apply to clinical psych Ph.D. programs to pursue a career as a Navy psychologist. (2019)
