Society of Women Engineers, Catholic Student Ministries,
University of Virginia Outdoors Club, volunteer with
Westminster & Barret Daycares and Sacred Heart Catholic
Youth Group, Intern with Computerized Imaging Reference
Systems, Inc.

I am incredibly thankful to be a recipient of a 2020 Wings Over America Scholarship. It is an extraordinary honor to be recognized for my academic achievements and community service throughout my high school and college careers. This scholarship will allow me to continue pursuing a major in Biomedical Engineering and a minor in Applied Mathematics at the University of Virginia. It will also allow me to try new opportunities that would not have been available to me without this financial support. I would like to extend my sincerest gratitude all the scholarship donors and the Wings Over America Foundation for your continued support of the Naval Aviation Community!
