I am extremely honored to receive the Wings Over America Scholarship for 2022. It is humbling to realize that my academic success, volunteer work, and extracurricular activities have been recognized by your organization. I want to thank Wings Over America for not just your financial support of my educational journey, but for your support of the military families across this country enabling other students to further their educational dreams too. My father retired this past year after serving for over 31 years in the Navy. I've always looked up to what he's accomplished and am proud to call him my hero. I'm thankful for all the experiences the Navy life has taught me. Receiving this scholarship has turned my dream into a reality by reducing my financial burden and allowing me to attend my top choice university, Baylor University, to study nursing. Ever since I was a young girl, I dreamed of becoming a nurse. I have a strong passion and work ethic for helping others. I am ecstatic to begin my journey at a faith-based college while pursuing a career in the medical profession. Utilizing the Wings Over America scholarship, I look forward to attending Baylor, being an involved student, graduating as a nurse, and helping people. Thank you WOASF. Sic 'Em Bears!
