Earning the VAW/VRC merit scholarship is a huge honor and demonstrates to me how my hard work has truly paid off. Receiving this scholarship also further rewards my dad for his service as a naval aviator for 25 years. This scholarship will help me to continue my pursuit for education as I begin my third and final year at Old Dominion University where I am studying Environmental Health and competing on the Division I field hockey team there. Thank you for all you have done for me on my quest to pursue a higher education, Wings Over America!
