“Receiving this scholarship is incredibly special to me because it symbolizes a lasting dedication to the families of those who serve. Not only will it enable me to continue in my career path and complete my college education, but it inspires and motivates me to try my hardest in school and in all my endeavors. I can’t wait for my senior year of college and for all it will hold. It is all being made possible by WOASF.” (2017)

“I am incredibly honored and thankful to have received three Wings Over America scholarships. As someone who grew up in a Navy family, I am grateful that scholarships such as this recognize the many sacrifices that both service members and their families make in service to the country. These scholarships allowed me to successfully achieve my goal of becoming a Certified Child Life Specialist. I am very grateful to have been selected and to know that military families like mine are supported by such a wonderful organization.” (2019)
