

The Wingman Foundation LT Steven Combs Memorial Scholar

Nicole Maida

Oklahoma City, OK

University Of Central Oklahoma

2021-2022: Senior

Major: Kinesiology Exercise &
Fitness Management

I am deeply honored and humbled to be a recipient of the Wings Over America Scholarship. I especially want to thank the Wings Over America donors whose generosity has made this scholarship possible for me. Thanks to their donations, my dreams and aspirations get closer and closer every day. Lessening the load of my college tuition will allow me the chance to become more involved at college by pursuing my interests such as unpaid internships, volunteer work on and off campus, and volunteer service opportunities through my sorority. With this scholarship, I feel there is less pressure of having to meet a student contribution to my tuition and I can tackle my college education and focus better. This award is more than a sum of money, it is an opportunity that allows me the chance to work toward completing my dream of an education. It has truly made a difference. Thank you for all your support over these past two years!
