

Wingman Foundation CWO Jonathon Gibson Memorial Scholar

Brenna Meehan

Arlington, VA

University of Virginia

2021-2022: Freshman

Major: Business/Marketing

Minors: Entrepreneurship and Spanish

This scholarship means that my hard academic work, volunteerism and participation and leadership in various activities was recognized and I am proud to accept this honor. This scholarship gives me the foundation to enter the University of Virginia with the knowledge that I can pursue my personal educational dreams of pursuing a business degree with emphasis on entrepreneurship and Spanish, while reducing the financial burden on my family. The expense of college can be overwhelming and discouraging as I learned throughout this application process, so I am grateful there are organizations such as this one that offers students the opportunity to reach for their goals. I know I want to study abroad during my college years, and it incurs additional fees, so I am extremely grateful for this scholarship to go towards my tuition. As each one of us knows, it is challenging but rewarding being a military dependent and I am grateful for the opportunity to pay it forward in the future. Thank you!
