- Summer Employment: MWR Jacksonville Water Safety Instructor and Navy Marine Corps Relief Society Receptionist

I am honored to be a recipient of a Maritime Patrol Association's 2018 scholarship award. I continue to grow through my experiences as part of a Navy family. This scholarship award supports me on my college journey and I especially appreciate that it is given by naval aviation's Maritime Patrol community, like family I have always known. Receiving this monetary award eases the expenses for the additional courses I am taking to complete my double major. I am thankful for the financial help with tuition and I humbly appreciate the support and contributions from the Maritime Patrol Association.
