Receiving the Maritime Patrol Association scholarship means many things to me. It means that I am blessed by God and thank God for helping me get here and achieve this scholarship. Secondly, this means that all my hard work has paid off. Working and studying long hours along with spending much time with completing extra-curricular activities such as high school baseball team, hosting fundraising events for charity and volunteering in the local community takes a toll on the body both mentally and physically. The toll is worth it as receiving this scholarship reminds me to look back on my work and admire the results that brought joy to others along as to myself. Receiving this scholarship reminds me to keep working hard and gives me strength to do so. I am very grateful for this recognition and award.
