2020-2021: Junior

Major: Computer Science

Extracurricular & Community-Service Highlights:

VT Cybersecurity Club, Hume Center -Intelligence
Community Center for Academic Excellence, volunteer at
The Big Event (VT) and area baseball camps.

It is a tremendous honor to receive a 2020 Wings Over America scholarship, sponsored by the Maritime Patrol Association. This scholarship not only provides some financial relief as I pursue a degree in Computer Science at Virginia Tech, but it is also a recognition of the hard work and commitment I have put into my studies and volunteer activities throughout high school and my first year of college. I plan to pursue a master's degree in computer science with a focus in Cyber Security and I hope to use these skills to serve our country in the defense industry or through civil service. This scholarship represents the confidence Wings Over America has in me to complete my education and use it to give back to our nation. I am extremely grateful for this scholarship and commit to represent the values of the Wings Over America Scholarship Foundation.
