2021-2022: Sophomore

Major: Associate in Arts

I would like to take this opportunity to thank the Wings Over America Foundation and the Maritime Patrol Association for your generosity and financial support towards my undergraduate college education. As a repeat recipient of these scholarships, you have truly made a difference in my life and I plan to use what I learn as a Business / Marketing major at the University of Central Florida to pay it forward and make a difference in other people's lives. It has been a privilege to grow up in a military family, and the unwavering support of the Naval Aviation community has motivated me to continue the pursuit of academic excellence. This support has been even more important during the ongoing pandemic which has significantly altered my educational journey. I am proud and humbled that despite my change of plans, your organizations continue to invest in my future as well as the future of many of our nation's next generation of leaders.
