- Varsity Crew (captain)
- Volunteer: Mount Vernon at Home, Mid-Atlantic Erg Springs, Learn to Row Day
- Summer Employment: ServiceMaster technician, National Society of Accountants facility support.

Receiving the Wings Over America 2017 scholarship is very important to me because it will allow me to take several classes over the summer that are hard to get during the regular school year. These classes are required for my major so taking them over the summer will help ensure I graduate from UVA on time. In addition, completing classes over the summer will allow me to maximize my college education by pursuing a double major. This is a fantastic opportunity and I'm grateful to be a recipient of a Wings Over America 2017 Scholarship. I would like to thank the Wings Over America Scholarship Foundation and the many volunteers and sponsors for making these scholarships possible.
