Beta Club (President), DECA Club (Vice President), National Technical Honor Society (President), volunteer Pianist for Westminster Assisted Living Establishment, Human Society and Student Writer with the Creepline Community Newspaper, Teller/ Student Intern with VyStar Credit Union.

Most importantly, I would like to thank the Wings over America Scholarship Committee and the people who donated to the scholarship for giving me this amazing opportunity! I am extremely grateful for receiving this assistance so that I can begin my education with the proper focus on academics and less financial stress. With the intent of majoring in finance, I fully understand the weight that finances can have on a person and how crushing student loan debt can be. This scholarship has greatly relieved me of this potential worry, and I cannot thank the scholarship committee enough! I hope to also continue to volunteer my time with my skills in piano by seeking a local assisted living facility in Gainesville at which to play. Once again, thank you to the scholarship committee, the donors for this scholarship, and the aviation community for providing me with this wonderful opportunity!
